"Candidates for initial teacher certification may be admitted to a post-baccalaureate program or Alternative Certification Program (ACP). Students admitted to a post-baccalaureate are seeking an advanced degree in addition to initial teacher certification. Beginning fall 2020 we will be offering the Texas Wesleyan Teacher Residency Program for initial teacher certification. The program provided experiences and coursework to prepare candidates for a successful teaching career."

Supervised Clinical Experience

Please provide any additional information about or descriptions of the supervised clinical experiences:

"We use the co-teaching model for clinical teaching. Students, University Supervisors and Cooperating Teachers/Mentors are trained to use the co-teaching model and the State T-TESS model for new teacher evaluation. Teacher candidates work with their cooperating teacher to plan lessons and activities, develop and administer assessments, teach and participate in all aspects of teaching. We feel this model provides a wide range of experiences that will be beneficial as the candidates begins their first year teaching."

Enrollment and Program Completers

THIS PAGE INCLUDES:

>> [Enrollment and Program Completers](#)

In each of the following categories, provide the total number of individuals enrolled in teacher preparation programs for an initial teaching credential and the subset of individuals enrolled who also completed the program during the academic year.

Teachers Prepared

On this page, enter the number of program completers by the subject area in which they were prepared to teach, and by their academic majors. Note that an individual can be counted in more than one academic major and subject area. For example, if an individual is prepared to teach Elementary Education and Mathematics, that individual should be counted in both subject areas. If no individuals were prepared in a particular academic major or subject area, you may leave the cell blank. Please use the "Other" category sparingly, if there is no similar subject area or academic major listed. In these cases, you should use the text box to describe the subject area(s) and/or the academic major(s) counted in the "Other" category.

If your IHE offers both traditional and alternative programs, be sure to enter the program completers in the appropriate reports. For the traditional report, provide only the program completers in traditional programs within the IHE. For the alternative report, provide only the program completers for the alternative programs within the IHE.

After entering the teachers prepared data, save the page using the floating save box at the bottom of the page.

Teachers Prepared by Subject Area

Please provide the number of teachers prepared by subject area for academic year 2018-19.

For the purposes of this section, number prepared means the number of program completers. "Subject area" refers to the subject area(s) an individual has been prepared to teach. An individual can be counted in more than one subject area. If no individuals were prepared in a particular subject area, please leave that cell blank. ([§205\(b\)\(1\)\(H\)](#))

What are CIP Codes?

No teachers prepared in academic year 2018-19

If your program has no teachers prepared, check the box above and leave the table below blank (or [clear responses already entered](#)).

What are CIP codes? The Classification of Instructional Programs (CIP) provides a taxonomic scheme that supports the accurate tracking and reporting of fields of study and program completions activity. CIP was originally developed by the U.S. Department of Education's National Center for Education Statistics (NCES) in 1980, with revisions occurring in 1985, 1990, and 2000 (<https://nces.ed.gov/ipeds/cipcode/Default.aspx?y=55>).

Teachers Prepared by Academic Major

Please provide the number of teachers prepared by academic major for academic year 2018-19. For the purposes of this section, number prepared means the number of program completers. "Academic major" refers to the actual major(s) declared by the program completer. An individual can be counted in more than one academic major. If no individuals were prepared in a particular academic major, please leave that cell blank. ([§205\(b\)\(1\)\(H\)](#))

Please note that the list of majors includes several "Teacher Education" majors, as well as several noneducation majors. Please use care in entering your majors to ensure education-specific majors and non-education majors are counted correctly. For example, if an individual majored in Chemistry, that individual should be counted in the "Chemistry" academic major category rather than the "Teacher Education–Chemistry" category.

[What are CIP Codes?](#)

Do participants earn a degree upon completion of the program?

- Yes
 No

Program Assurances

THIS PAGE INCLUDES:

>> [Program Assurances](#)

Respond to the following assurances. Note: Teacher preparation programs should be prepared to provide documentation and evidence, when requested, to support the following assurances. ([§205\(a\)\(1\)\(A\)\(iii\)](#); [§206\(b\)](#))

Program Assurances

1. Program preparation responds to the identified needs of the local educational agencies or States where the program completers are likely to teach, based on past hiring and recruitment trends.

- Yes
 No

2. Preparation is closely linked with the needs of schools and the instructional decisions new teachers face in the classroom.

- Yes
 No

3. Prospective special education teachers are prepared in core academic subjects and to instruct in core academic subjects.

- Yes
 No
 Program does not prepare special education teachers

4. Prospective general education teachers are prepared to provide instruction to students with disabilities.

- Yes
 No

5. Prospective general education teachers are prepared to provide instruction to limited English proficient students.

- Yes
 No

6. Prospective general education teachers are prepared to provide instruction to students from low-income families.

- Yes
 No

7. Prospective teachers are prepared to effectively teach in urban and rural schools, as applicable.

- Yes
 No

8. Describe your institution's most successful strategies in meeting the assurances listed above:

Cooperative Agreement with FWISD for field experiences and clinical teaching. Collaboration with local school districts. Implemented a dual enrollment program to begin teacher training in high school. Input from our Education Advisory Committee which includes school district personnel (teachers, administrators, HR), recent graduates of our programs and community representatives. Continuous review of our program using data collection, review of State requirements and student feedback.

Annual Goals: Mathematics

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route teacher preparation program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students.

[\(§205\(a\)\(1\) \(A\)\(i\), §205\(a\)\(1\)\(A\)\(ii\), §206\(a\)\)](#)

Report Progress on Last Year's Goal (2018-19)

1. Did your program prepare teachers in mathematics in 2018-19?

If no, leave remaining questions for 2018-19 blank (or [clear responses already entered](#)).

- Yes
 No

2. Describe your goal.

Wesleyan no longer awards a Bachelor of Mathematics degree. As a result the number of students taking higher level math courses has decreased. We were hoping to get at least one new student.

3. Did your program meet the goal?

- Yes
 No

4. Description of strategies used to achieve goal, if applicable:

Coordinating with the Math Department to identify potential teacher candidates for recruiting and to provide program information.

5. Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:

6. Provide any additional comments, exceptions and explanations below:

We are working with the Math Department to develop a revised degree plan for grades 4-8 Math. We anticipate a higher interest in this program because the highest level courses are not required to teach math concepts at this level.

Review Current Year's Goal (2019-20)

7. Is your program preparing teachers in mathematics in 2019-20? If no, leave the next question blank.

- Yes
 No

8. Describe your goal.

We have always had a small number of Math certification candidates. Without the Bachelor of Mathematics degree the number of students taking upper level math courses will begin to decrease. We may have one or two candidates. This year we are working with the Math Department to develop degree plans for Teacher Education: 7-12 Mathematics and Teacher Education: 4-8 Mathematics. Moving forward we anticipate by offering the 4-8 Math program there will be an increase in math certification students.

Set Next Year's Goal (2020-21)

9. Will your program prepare teachers in mathematics in 2020-21? If no, leave the next question blank.

- Yes
 No

10. Describe your goal.

If we have our new 7-12 and 4-8 Mathematics programs in place, we can hope for 2-3 new candidates the first year. We'll continue to work with the Math Department on recruiting opportunities and strategies.

Annual Goals: Science

THIS PAGE INCLUDES:

Report Progress on Last Year's Goal (2018-19)

1. Did your program prepare teachers in science in 2018-19?

If no, leave remaining questions for 2018-19 blank (or [clear responses already entered](#)).

- Yes
 No

2. Describe your goal.

To increase the number of students in science certification programs. We currently offer Life Science certification which is limiting for employment. We generally have one new student per year in that area.

3. Did your program meet the goal?

- Yes
 No

4. Description of strategies used to achieve goal, if applicable:

5. Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:

6. Provide any additional comments, exceptions and explanations below:

We are currently working with the Science Department to develop a revised degree plan for grades 7-12 Science (generalist). This is a broader certification area. Science certification would allow the candidate to teach a variety of science classes.

Review Current Year's Goal (2019-20)

7. Is your program preparing teachers in science in 2019-20? If no, leave the next question blank.

- Yes
 No

8. Describe your goal.

To increase the number of students admitted to our grades 7-12 science certification programs.

Set Next Year's Goal (2020-21)

9. Will your program prepare teachers in science in 2020-21? If no, leave the next question blank.

- Yes
 No

10. Describe your goal.

To have the 7-12 Science generalist degree plan completed so we can begin recruiting efforts. Hopefully we can get one or two new candidates each year.

Annual Goals: Special Education

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route teacher preparation program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students.

Assessment Pass Rates

The pass rates table is populated from files provided by the testing company or state. The table provides information on the performance of the students in your teacher preparation program on each teacher credential assessment used by your state. In cases where a student has taken a given assessment more than once, the highest score on that test is used. In the case of a teacher preparation program with fewer than 10 scores reported on any single initial teacher credential assessment during an academic year, the program shall collect and publish information with respect to an average pass rate and scaled score on each state credential assessment taken over a three-year period. [\(§205\(a\)\(1\)\(B\)\)](#)

Please note that this page does not have an edit feature as the pass rates have already been through several rounds of verification. If you identify an error, please contact Westat's Title II Support Center and your testing company representative.

Provide the following information about the approval or accreditation of your teacher preparation program. ([§205\(a\)\(1\)\(D\)](#), [§205\(a\)\(1\)\(E\)](#))

Low-Performing

1. Is your teacher preparation program currently approved or accredited?

- Yes
- No

If yes, please specify the organization(s) that approved or accredited your program:

- State
- CAEP
- AAQEP
- Other specify:

SACS

2. Is your teacher preparation program currently under a designation as "low-performing" by the state?

- Yes
- No

Use of Technology

THIS PAGE INCLUDES:

>> [Use of Technology](#)

On this page, review the questions regarding your program's use of technology. If you submitted an IPRC last year, this section is pre-loaded from your prior year's report; please review and update as necessary.

After reviewing and updating as necessary, save the page using the floating save box at the bottom of the page.

Use of Technology

1. Provide the following information about the use of technology in your teacher preparation program. Please note that choosing 'yes' indicates that your teacher preparation program would be able to provide evidence upon request. ([§205\(a\)\(1\)\(F\)](#))

Does your program prepare teachers to:

- a. integrate technology effectively into curricula and instruction

Yes
 No

- b. use technology effectively to collect data to improve teaching and learning

Yes
 No

- c. use technology effectively to manage data to improve teaching and learning

Yes
 No

- d. use technology effectively to analyze data to improve teaching and learning

Yes
 No

2. Provide a description of the evidence that your program uses to show that it prepares teachers to integrate technology effectively into curricula and instruction, and to use technology effectively to collect, manage, and analyze data in order to improve teaching and learning for the purpose of increasing student academic achievement. Include a description of the evidence your program uses to show that it prepares teachers to use the principles of universal design for learning, as applicable. Include planning activities and a timeline if any of the four elements listed above are not currently in place.

We provide coursework specific to instructional technology with assignments for teaching with technology and assessing student progress/needs with data collected using technology. Technology use and instruction are integrated in all courses.

Teacher Training

THIS PAGE INCLUDES:

>> [Teacher Training](#)

Provide the following information about your teacher preparation program.

(§205(a)(1)(G))

Teacher Training

1. Provide a description of the activities that prepare general education teachers to:

a. Teach students with disabilities effectively

Courses covering the exceptional child, differentiating instruction, dyslexia training, etc. give students the background needed. Numerous field experiences throughout the program allow students to practice what they've learned while working with PK-6 students with learning needs/difficulties from a variety of economic and family backgrounds.

b. Participate as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities Education Act*.

Students are introduced to the history, purpose and processes for an Individualized Education Plan (IEP) during their undergraduate courses. Districts are asked to allow clinical teachers to attend at least one IEP meeting during their teaching semester.

c. Effectively teach students who are limited English proficient.

EC-6 students take additional coursework for ESL or Bilingual certification. Students participate in field experiences working with students in PK-6 classrooms.

2. Does your program prepare special education teachers?

 Yes

 No

If yes, provide a description of the activities that prepare *special education teachers* to:

a. Teach students with disabilities effectively

b. Participate as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities Education Act*.

c. Effectively teach students who are limited English proficient.

Contextual Information

Please use this space to provide any additional information that describes your teacher preparation program(s). You may also attach information to this report card (see below). The U.S. Department of Education is especially interested in any evaluation plans or interim or final reports that may be available.

Texas Wesleyan University's School of Education provides degree programs leading to teacher certification in Core Subjects EC-6 with ESL certification, EC-6 Bilingual, Secondary (English, History, Mathematics, Life Science) and All Level (Music, Spanish). We are currently pursuing TEA approval to add EC-12 Physical Education and 7-12 Social Studies programs. We are working with our Science Department to develop a revised degree plan allowing us to offer the Composite Science certification program. We have offered elementary Bilingual certification since 1968. Approximately 20 to 30 EC-6 Bilingual teachers were certified each year until 2013. That number was greatly reduced due to the expiration of a grant for Bilingual certification. However, we have been awarded a new grant to provide financial assistance to the bilingual program students. It also provides professional development for teachers and training for parents of children in low income, high minority population schools. We offer a 5th-year option that provides our undergraduate teacher candidates the opportunity to obtain a Master's degree. Most students in the teacher certification programs are first-generation college students who transfer from area community colleges such as Tarrant County (TCCD), Dallas (DCCD), Hill, and Weatherford Community Colleges. We have partnered with Teach for America (TFA) and the Dallas Teacher Residency (DTR) programs to offer an alternative program for initial teacher certification. Wesleyan is hoping to launch its own Wesleyan Teacher Residency program in fall 2020. At the graduate level, Texas Wesleyan University offers programs leading to certification in School Administration, Reading and Writing, Specialist and School Counseling.
