

Additional Housing Information:

We have two types of housing here at Texas Wesleyan University. The first is our traditional residence style halls (dormitory). In Stella Hall we have community style bathrooms and Elizabeth Hall (which is for upperclassmen and graduate students only) has suite style baths.

Wesleyan Village is our newly finished apartment style residence hall. This means that like an apartment it has a living room and individual bedrooms. The Kitchenette includes a full size refrigerator and microwave (no stove or oven). There are two floor plans to choose from. Our most popular option is to rent a single bedroom in one of the four bedroom apartments. We also have a limited number of efficiency apartments which can be rented out with a roommate (this option only available when submitting application) or as a single.
